

# **BASILIAN HUMAN DEVELOPMENT FUND**

## **CRITERION FOR ASSISTANCE**

The program or project to be funded must be harmonious with a biblical vision of justice and peace.

## **PRIORITIES FOR ASSISTANCE**

- Projects that go beyond helping people directly and are clearly designed to change systems to promote justice and peace more effectively.
- Projects that seek to empower the poor and marginalized and, when feasible, involve them in planning and executing the project.
- Projects that originate out of Basilian houses or institutions and/or in which individual Basilians are actively involved.

## **EDUCATIONAL PROJECTS**

A proportion of the Fund, not to exceed 15% in any year, may also be distributed in assistance to educational projects which involve their participants actively in the promotion of peace and justice.

## **ADDITIONAL POSITIVE ELEMENTS**

- It promotes involvement of participants and develops leadership.
- It is a new and creative initiative with reasonable hope of success.
- It has the potential to lift people out of poverty into financial independence.
- It can serve as a model worthy of being imitated in other places.
- It responds to a profound need and benefits significantly large numbers of poor people.

## **PROCESS IN DETERMINING AWARDS**

The Superior General and his Council appoint five (5) Basilians as a committee to review the applications received and to make recommendations for awards. Members of the committee are not permitted to either sponsor or provide endorsement for any project.

The Secretary General issues applications to those who request. When the application is received at the General Administrative Offices of the Basilian Fathers in Toronto, a copy is forwarded to each member of the committee, and one copy of the application remains on file at the Administrative Offices.

In May of each year, the committee will meet to review the projects and make recommendations to the Superior General and his Council.

In June of each year, the Superior General and his Council receive and study the committee's recommendations. Based on the recommendations and any subsequent information, the awarding of funding is authorized. The Secretary General, by June 30th, informs all applicants of the decision made regarding their project and the Treasurer General issues and posts a cheque for the amount awarded by the Superior General and his Council.
